

INSPECTED QUALITY

INSPECTED QUALITY by OETI

The quality label with expertise for your products, services, processes and production sites.

The safety of the INSPECTED QUALITY standard for your business partners and consumers.

Half a century of OETI's testing expertise customized to meet your needs

We have developed the **INSPECTED QUALITY** label for you. You obtain a quality label for your products, services, processes and production sites.

Your clear advantage

INSPECTED QUALITY gives you the advantage of a label that we have developed together with you – based on our extensive testing expertise and more than half a century of specialist know-how.

At the same time, your business partners and the consumers of your products can rely on the safety of the **INSPECTED QUALITY** standard.

Costs

The annual fee for using the label is EUR 200.00.

There may be extra costs for product testing and audits depending on the product.

What we offer

- ◆ a flexible label, customized to meet your needs
- ◆ a uniform labelling guideline
- ◆ more than half a century of expertise as a testing services provider
- ◆ accredited testing and certification body
- ◆ testing and certification based on both ecological and safety standards
- ◆ team of specialists who offer comprehensive service and safety in the fields of ecology, textiles technology, flooring technology and interior materials
- ◆ utilization of state-of-the-art equipment

Should your business partners and the consumers of your products know that you fulfil the **INSPECTED QUALITY** requirements set out in the **INSPECTED QUALITY** standard?

Is the answer **yes!**? Then please get in touch with us immediately!
