

# Ensuring trust and sustainability in textiles and leather.

## Our Mission:

We inspire trust in the textile and leather industry. Driven by sustainability and a dedication to transparency, our work is grounded in proven science. Our standards allow everyone to make responsible decisions and protect natural resources.

## Our Core Values:

Trust

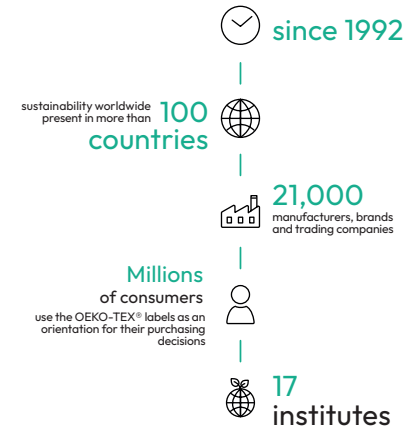

Safety

Sustainability

## Our Facts:

### OEKO-TEX® MADE IN GREEN

Better all round: responsibly produced and safety tested

Textile and leather carrying this label are produced more sustainably in socially responsible workplaces. The products are fully traceable and tested for the presence of harmful substances.

### OEKO-TEX® STANDARD 100

The original safety standard: for everyday confidence

Setting the standard for textile safety, from yarn to finished product. Every item bearing the label has passed safety tests for the presence of harmful substances.

### OEKO-TEX® ORGANIC COTTON

Verified from farm to product

This certification is a caring approach to our environment and human health. Products bearing this label have been manufactured without the use of GMOs and other harmful substances.

### OEKO-TEX® LEATHER STANDARD

A better and safer choice

Whether a sofa, a shoe or anything in between an item with this label is a safer choice. Leather that meets this standard has been scientifically tested for the presence of harmful substances.

### OEKO-TEX® STeP

Responsible production for people and planet

This certification sets the highest standards for both social and environmental aspects of the textile and leather production. It is a sign of responsibility towards employees and the environment and supports a company's journey towards more sustainable production.

### OEKO-TEX® ECO PASSPORT

Rigorously tested: for a cleaner planet

Chemicals, colourants and auxiliaries that are certified, have been tested and analysed against strict criteria, for a lower environmental impact and are not harmful to human health.

### OEKO-TEX® RESPONSIBLE BUSINESS

Responsibility in global business operations

A certified company awarded this management process certification is dedicated to practising due diligence, protecting both human rights and the environment.
